CAPACITI

I am an adaptable and motivated individual with strong communication and interpersonal skills. I work well both independably and as part of a team, and I enjoy collaborating with others to achieve shared goals. I am eager to learn, quick to adapt to new environments, and committed to delivering quality work while continuously developing skills.

» Achievements and Key Projects

Student Accommodation Mobile App

Developed a mobile application allowing students to apply for accommodation, focused on usability, data handling, and practical functionality. My role in this group submission was overseeing the designing and coding the wireframes.
